

REALISE YOUR CHILD'S FULL POTENTIAL

Triple P – Positive Parenting Program

A comprehensive parenting guidance and support system designed to help children and teenagers reach their full potential.

Individual Consultation Sessions

Three to four one-on-one parenting consultations with Lakeside FFLC Family Life Educators for 30-45 mins, to help parents manage their child's specific difficult behaviours.

All sessions are FREE OF CHARGE and CONFIDENTIAL.

How did Triple P help parents?

"Triple P provided much insight into our parenting styles and how we could adjust accordingly. The facilitator was skilful in the way she guided us. This enabled us to openly share our fears and challenges in our parenting journey. A BIG thank you for the enriching sessions."
