2.3 CCA

To give the girls balance in their education pursuits, it is important for them to be regular in their CCA attendance. I hope parents will encourage and support the girls in the CCAs so that they will learn perseverance, teamwork, ability to juggle different demands and enjoy the camaraderie and sense of achievement in their CCAs. It is also a good opportunity for the girls to de-stress and do something different.

CCA sessions for P6 will end by Semester 1. For those involved in competitions, there may be further adjustments based on the competition fixtures and the respective CCA teachers will inform you.

2.4 Interview Workshop

Since 2009, with the help of our parent volunteers, we have organised Interview Workshops to help equip our P6 students with skills to help them go through interviews with greater confidence. The workshop has received very positive feedback from the students. We will organise this again for the P6 students on **29 or 30 April (Tuesday/Wednesday)**.

I would like to strongly encourage parents who are in the human resource sector to volunteer your services to help out with this workshop. Please email your details to Ms Pek Xue Yan, Subject Head/English (pek_xueyan@schools.gov.sg) if you are available and she will follow up with you nearer the date. A briefing will be conducted for parent facilitators prior to the workshop.

This year will be a challenging opportunity for the students, but it will also be a precious avenue for families to come together and bond. The time and attention that you specially set aside will make your daughter/ward feel valued and loved. Having regular conversations with one another will allow you to gain deeper insights into what she values and help her find a balance between study and relaxation. Affirm her efforts. Celebrate her successes. Be there for her to guide her in managing the changes and expectations.

The teachers and I are committed to working with all of you and we hope to have your cooperation, understanding and support in our collaborative efforts together to educate and care for the students.

3. MOE SEXUALITY EDUCATION IN SCHOOLS

Sexuality Education (SEd) in schools aims to enable students to understand the physiological, social and emotional changes they experience as they mature, develop healthy and rewarding relationships with others, including those with members of the opposite sex, and make wise, informed and responsible decisions on sexuality matters. SEd is premised on the importance of the family as the basic unit of society. This means encouraging healthy, heterosexual marriages and stable nuclear family units with extended family support. The teaching and learning of SEd is based on respect for the values and beliefs of the different ethnic and religious communities in Singapore on sexuality issues.

3.1 The Goals of Sexuality Education are:

- (a) Support students in managing their physiological, social and emotional changes as they grow up and develop safe and healthy relationships.
- (b) Guide students to make wise, informed and responsible decisions on sexuality matters.
- (c) Help students develop a moral compass and respect for themselves and others by having positive mainstream values and attitudes about sexuality that are premised on the family as the basic unit of society.

3.2 The Key Messages of Sexuality Education are:

- (a) Love and respect yourself as you love and respect others;
- (b) Build positive relationships based on love and respect (which are the foundation for strong families).
- (c) Make responsible decisions for yourself, your family and society; and
- (d) Abstinence before marriage is the best protection against STIs/HIV and unintended pregnancies. Casual sex can harm and hurt you and your loved ones.

3.3 Please visit the school's Sexuality Education webpage <https://www.rafflesgirlspri.moe.edu.sg/departments/cce/moe-sexuality-education/> for more information on **Raffles Girls' Primary School's Sexuality Education Programme for 2025**.
